

# Flow packs for Cereals

Whether bag-in-box or printed – Breakfast Cereals are appealingly packaged!

- Ideal for Muesli and Cereals
- Easy-opening function
- High water vapour barrier
- Fast and reliable sealing

With excellent mechanical and stiffness properties, these PE (polyethylene) films are perfectly suitable for bag-in-box breakfast cereal applications. Other properties can be added through lamination with other substrates. Both mono and laminated versions have the easy-opening function in common, which significantly increases convenience for the consumer.

# Converting

- Printable with up to 10 colors
- Various finishes & haptic lacquers, such as matt, gloss, Paper-, Soft- or SandTouch

# Markets / Application

- Moisture sensitive products
- Cereals or Muesli

# Materials / Options
