

EcoString BreadBag

The no-clip fully recyclable bread bag

- Innovative opening system
- Pure PE – or PP-structure
- No clip – fully recyclable
- Good protection of your bread
- Printable PE- or PP-string

Innovation made easy! How about being the first in the market with a fully recyclable bread packaging that stands out at the point of sale and makes life easier for your consumers? The packaging that combines all these factors is our EcoString BreadBag: we have replaced the clip with a drawstring that is included in the bag and that is made of the same material as the bag itself. Less waste, happier consumers and an innovative and sustainable touch to your brand. Let's get in contact to make it happen!

Markets / Applications

- Bread
- Suitable for drawstring bag machines

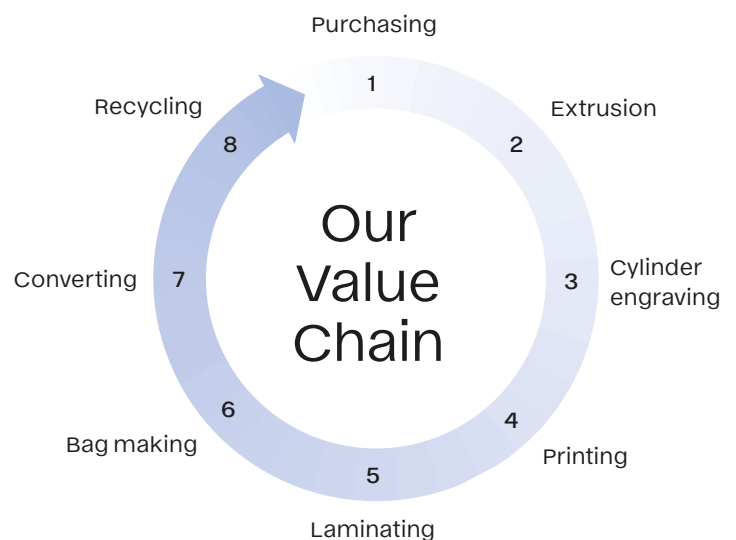

Converting

- Up to 10 colour print
- Choice of haptic lacquers

Materials / Options

- PE- or PP-structure
- PE- or PP-string instead of plastic or metal clips
