

Dixie 3D & VACUshrink

Brands you can trust!

- High contact transparency and superb gloss
- Prevention from drip-losses
- Excellent sealing performance
- High puncture resistance
- Extended shelf life

Our outstanding shrink bags offer you the highest product safety with excellent puncture resistance and sealing properties as well as different barrier options. Due to the 3-dimensional shrink and the high contact transparency our shrink bags present your product perfectly and the high mechanical strength makes sure the packaging runs steadily on your machines. Special versions of our VACUshrink and Dixie 3D shrink bags are tailor-made for hard and sharp-edged products, overlapping sealing, pasteurisation and freezing applications.
