

PaperTwister

Our modern range of paper based twisters!

- Highest packaging speeds on the market
- Recyclable and repulpable versions
- For single and double twist
- Up to 98% paper content

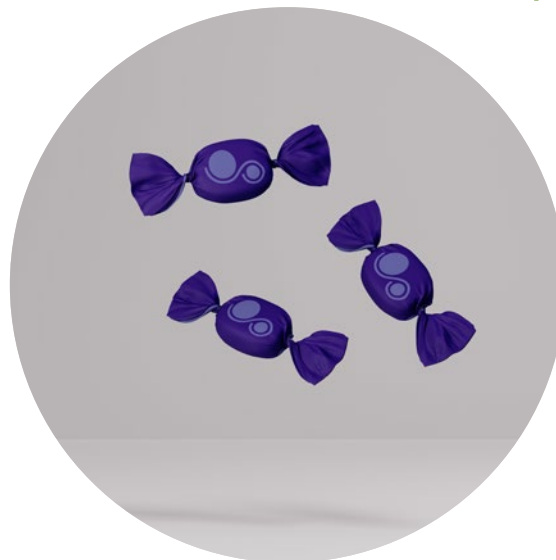

Productivity and sustainability *can* go hand in hand!

Running well on the fastest twist packaging machines on the market our range of twistable papers leave little to be desired. Whether you choose our certified recyclable and repulpable version or a wax-free version, we always make sure that your productivity remains at its highest.

Furthermore, we are proud to introduce our Sweet release function: so that the candy doesn't stick to the paper and the customer sticks to your brand!

Markets / Applications

- Sugar and chocolate coated products
- Softchew, toffee, hard candy
- For double and single twist, as well as folding applications

Converting

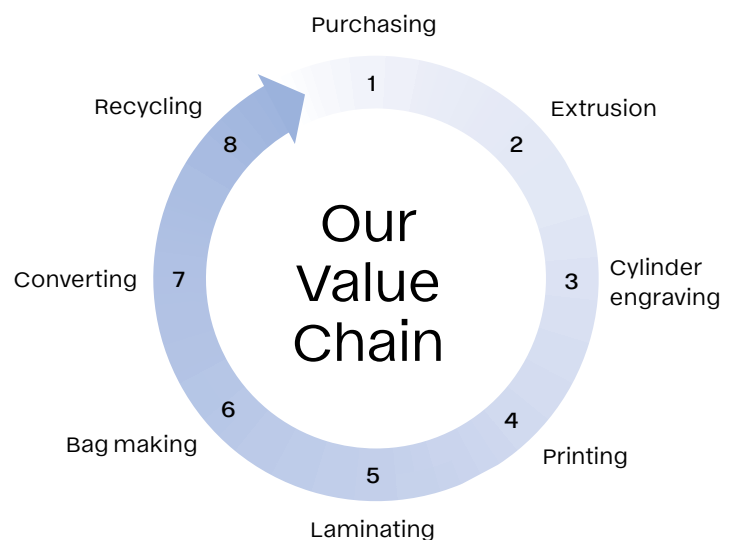

- Printable with up to 8 colours
